# The *FastCap*® Difference

FastCap was founded in 1997 by Paul Akers, 20-year veteran in the cabinet-making/woodworking industry. One day, while Paul was building some cabinets, he got an idea for a self-adhesive screw cap cover and the Fastcap was born.

Today FastCap is a product development company that specializes in making innovative time-saving products for the woodworking professional. FastCap has over 2,800 distributors in 40 countries worldwide and launches 10 to 20 new products per year.

At its core, FastCap is a Lean company. We are determined to continuously improve everything, everyday. Our products reflect the idea that things can be improved and the best ideas come from the shop floor. Did you know that most of our ideas come from people just like you? If you have an idea or a better way of doing something, email Paul directly at [paul@fastcap.com](mailto:paul@fastcap.com)! To learn more visit us at [www.fastcap.com](http://www.fastcap.com) and click on the idea tab.

At the end of the day, FastCap's products are about efficiency, increasing productivity and making work fun. We are determined to satisfy you 100%. If we fall short we want to hear about it; that is how we improve and there is no end to improvement.

Thanks

Paul Akers,  
President

# Track Rack

The Track Rack is a great way to store track guide systems. The unique design allows you to mount most track systems on the wall vertically or horizontally. They can be mounted on a garage door, ceiling or work vehicle. The two mounting patterns give the flexibility to mount them on drywall, bare studs, panels on your garage door, or on trailer walls. The cam lock provides a positive secure lock that holds your fences safely. Designed by a fellow woodworker you will appreciate its thoughtful and elegant design.

## INCLUDED HARDWARE:

## Features...

- 2 end stops
- Cam locking system

Inventor, Ryan Wichman

## Great for...

- Easily storing fence systems for: Makita, DeWalt, Festool & Triton

\*Fence systems not included

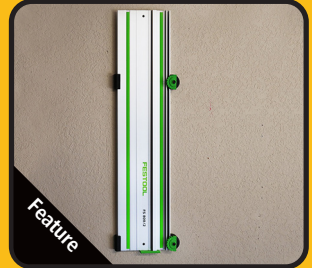

Description	Part Number	Retail Price	Dist. Price
Track Rack 2 Pack	TRACK RACK	\$24.15	12.05

Easy cam locking system

Stored horizontally on garage doors

Stored vertically

# Level Rack, Level Rack Stacker & Level Rack Assembled

Level Rack

Stacker

Assembled

The Level Rack is our innovative solution to securely and safely store your Stabila levels. The unique design allows you to mount most Stabila levels vertically or horizontally on drywall, bare studs, garage door panels, trailer walls, or in your work truck. The cam-lock provides a positive lock that holds your level tight, secure, and rattle-free. The Level Rack Stacker & Stacker Assembled helps minimize wall space by stacking 2 or 3 Stabila levels with one Level Rack. It's simple and easy to unassemble Level Rack and attach one to two Stackers for more Stabila storage. \*Stabila levels not included\*

## Features...

- Mount vertically and horizontally
- Cam locking system

## Great for...

- Easily storing most Stabila levels
- Organizing work place or vehicle

Description	Part Number	Retail Price	Dist. Price
Level Rack	LEVEL RACK	\$6.60	\$3.30
Stacker - Level Rack	LEVEL RACK STACKER	\$6.60	\$3.30

Easy cam locking system

Mounts perfectly on work vehicles

Stack multiple Stablas with Stacker

Takes time to build brace & shelf

Quick and easy instal

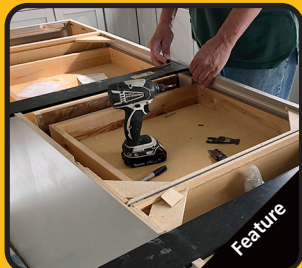

Build shelf around brace

Create a floating island!

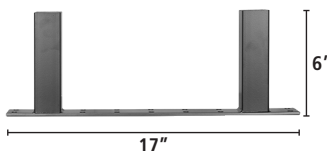

30" for inside cabinets

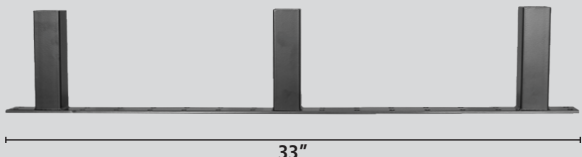

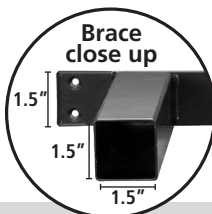

Easy to install

# Floating Shelf SpeedBrace

**NEW**

Load Capacity  
**83lb.**  
PER BRACE

Load Capacity  
**125lb.**  
PER BRACE

The Floating Shelf SpeedBraces supports are a professional solution for fully concealed floating shelves. Its simple and heavy-duty design makes installing floating shelves easy, fast and accurate. The braces have multiple screw hole locations, allowing these braces to be easily mounted to wall studs. It's available in two sizes. The 17" brace can hold up to 83lbs and the 33" brace can hold up to 125lbs.

## Features...

- 3/16" steel
- Counter sunk screw holes

## Great For...

- Floating shelf installs
- Home, office or shop

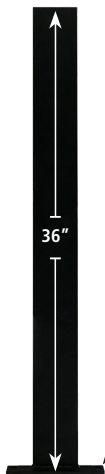

Description	Part Number	Retail Price	Dist. Price
17" Floating SpeedBrace (Single)	SB-17 FLOATING	\$31.20	\$15.60
33" Floating SpeedBrace (Single)	SB-33 FLOATING	\$46.80	\$23.40

# SpeedBrace *ISLAND™*

**NEW**

**dbc**  
Designed by a Contractor

Load Capacity  
**500lb.**  
PER PAIR

The Stealth Island SpeedBrace supports your island countertops and bar overhangs with no visible kicker or expensive corbels. A pair of Island SpeedBraces will support 500 pounds of weight. Sold individually.

## Features...

- 3/8" thick steel
- Black finish
- Countersunk screw holes

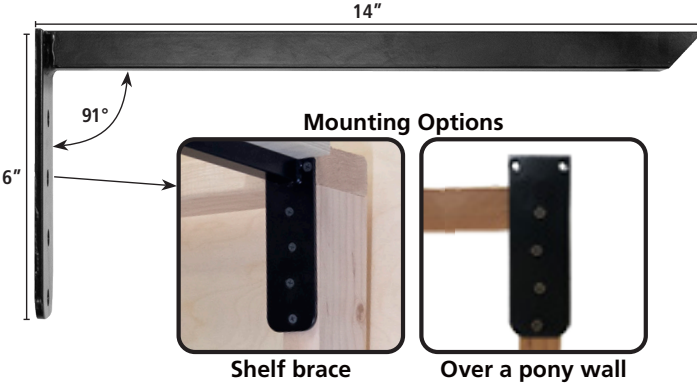

## Great for...

- Bars
- Extra bracing
- Island countertops

Description	Part Number	Retail Price	Dist. Price
36" SpeedBrace Island	SB-36 ISLAND	\$125.84	\$57.20

# SpeedBrace L-Brace

Load Capacity  
**300lb.**  
PER PAIR

The L-Brace has a slim design to support countertops and breakfast bars. The brace has countersunk holes on both sides. Allowing it to have great versatility for tight installations. Wall shelving is another application for the L-Brace. It's fabricated at 91-degrees to hold heavy loads to level at 90-degrees under load. Designed by a countertop professional on the shop floor.

## Features...

- Slim Design
- Mounting holes on both sides

## Great For...

- Supporting countertops
- Shelf brackets

Description	Part Number	Retail Price	Dist. Price
14" L SpeedBrace	SB-14 L BRACE	\$41.54	\$20.76

Normal brace's are too big to fit

Slim design fits into tight spaces

Use it as a shelf brace

# The Sink Sling

The Sink Sling is a secure ratcheting system that helps support and install sinks in any countertop. The adjustable sling can be ratcheted to fit any job. It turns a difficult multiple person job into an easy one man job.

## Features...

- 2 ratchets
- Movable sling
- Attaches to side walls

## Great for...

- Supporting sink
- Installing sink
- Secures sink

Description	Part Number	Retail Price	Dist. Price
The Sink Sling 1 Pack	SINK SLING	\$19.36	\$13.20
The Sink Sling 50 Pack Bulk	SINK SLING 50PC BULK	\$750.00	\$500.00

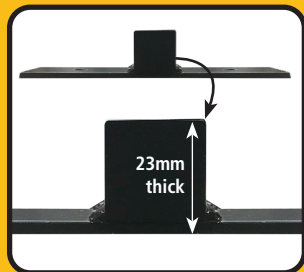

Adjustable sling for easy install

Ratchets hold sink for install prep

Sink is always secure

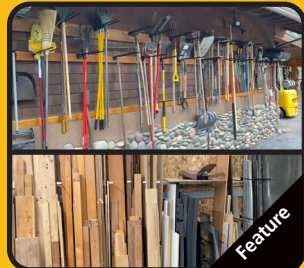

23mm  
thick

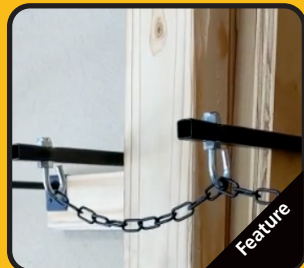

Align to the edge or  
to the back of the stud

Vix or hinge bit to center holes  
Peel

Organized and easy to adjust

Eyelet holes for security rope

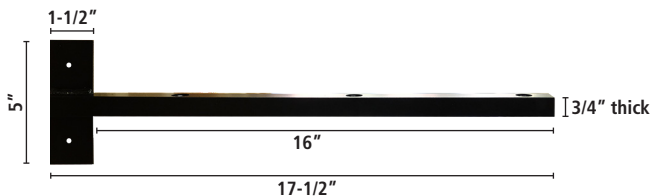

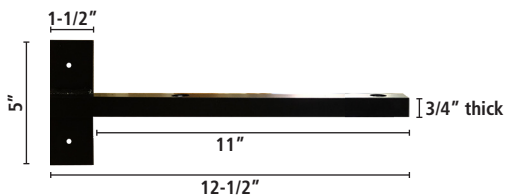

Labels for great organization

## SpeedBrace T-Brace

NEW

Load  
Capacity  
**300lb.**  
PER PAIR

The SpeedBrace T-Brace is a great new addition to the SpeedBrace family of shelf support braces. This T-Brace is the perfect way to create the illusion of a free-floating shelf that is strong enough to support over 300 pounds per pair. Ideal for new construction but can be used in a remodeling application when an access hole is cut in the drywall for attachment.

### Features...

- 1/4 to 3/8" steel
- Mounting holes on both sides

### Great for...

- Floating shelf
- Floating mantels

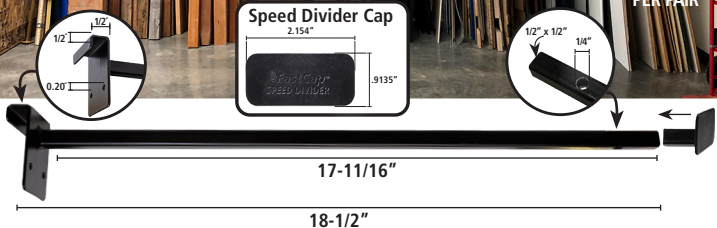

Description	Part Number	Retail Price	Dist. Price
11" T-Brace SpeedBrace Black	SB-11 T-BRACE BL	\$37.75	\$17.16
16" T-Brace SpeedBrace Black	SB-16 T-BRACE BL	\$47.19	\$21.45

## Speed Divider & Speed Divider Cap

NEW

Load  
Capacity  
**25lb.**  
PER PAIR

Speed Dividers organize all types of materials from lumber, plywood, metal, tubing, PVC piping, garden tools, ladders, scaffolding, & more! Cut a 1/8" x 1/2" dado, 1/2" in from the front of your cleat. Then simply slide the divider into place. Optional Speed Divider Caps come with Lean Labels, slide the Cap securely into the front of the divider for added organization and labeling.

### Features...

- Eyelet holes
- Mounting holes

Inventor, Brian Kliss

### Great for...

- Vertical storage
- Organizing material

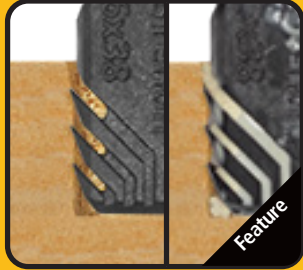

Description	Part Number	Retail Price	Dist. Price
Speed Divider Single	SPEED DIVIDER	\$8.47	\$5.50
Speed Divider 10 Pack	SPEED DIVIDER 10PK	\$72.60	\$44.00
Speed Divider Caps 10 Pack	SPEED DIVIDER CAPS	\$7.70	\$3.85

Glue & clamps are needed

Bars that better secure joints

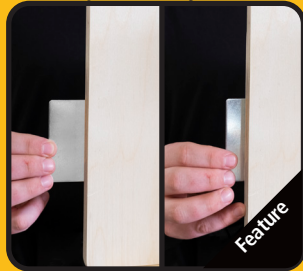

Glue runners for stronger hold

Overly complicated install

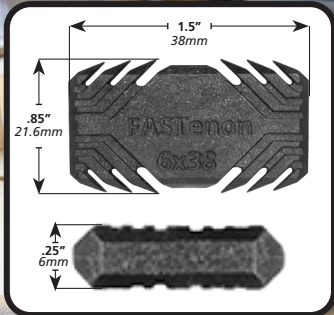

Simple and easy install

Easily align along cabinet door

# FASTenon

The FASTenon is another new innovative product, from FastCap, that allows you to pull your joints together without clamps. The barbs bite into your material; holding your work piece firmly together. Add a little glue inside each joint and it's even stronger. Also great for aligning components when assembling. Developed by a cabinet maker for cabinet makers. The FASTenon will change the way you build.

## Features...

- Barbs prevent joint from loosening
- Glue runners for a tighter joint
- Made out of our durable Nylamax

Inventor, Steve Hawbaker

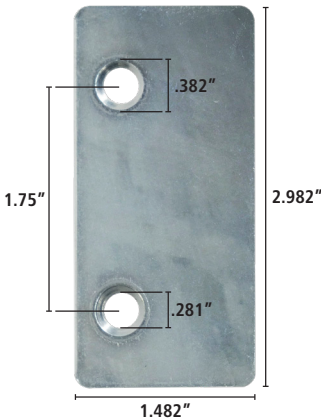

## Great For...

- Use in place of wood dominos
- Frames with hidden fasteners
- Panel joints

Description	Part Number	Retail Price	Dist. Price
FASTenon	FASTENON 100 PC	\$32.00	\$16.00

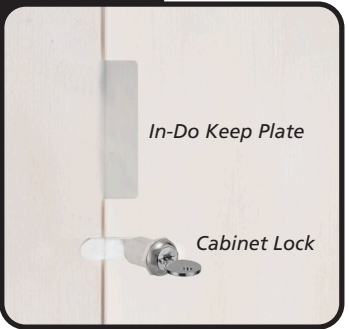

# In-Do Keep Plate

*In-active door keeper plate*

Steel Plate Thickness: 1.59mm

Cabinet close up

The In-Do Keep Plate is an elegant and simple solution that attaches to a non-locking cabinet door to keep it locked against a locking door. Its simple design is robust and strong, making it a quick and easy install. Designed by a cabinet maker because the best ideas always come from the shop floor.

*\*\*Cabinet lock not included with purchase\*\**

## Features...

- Countersunk mounting holes
- Heavy duty steel

Inventor, Eli Peters

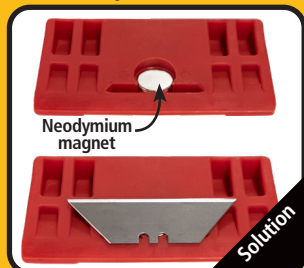

## Great For...

- Aftermarket locks
- Securing cabinets

Description	Part Number	Retail Price	Dist. Price
In-Do Keep Plate 10 Pack	IN DO PLATE 10 PC	\$15.00	\$7.50

Easily trim a radius

Store utility blade on magnet

Fits standard utility blades

Auto safety-retract

Automatic blade lock

Built-in Magnet

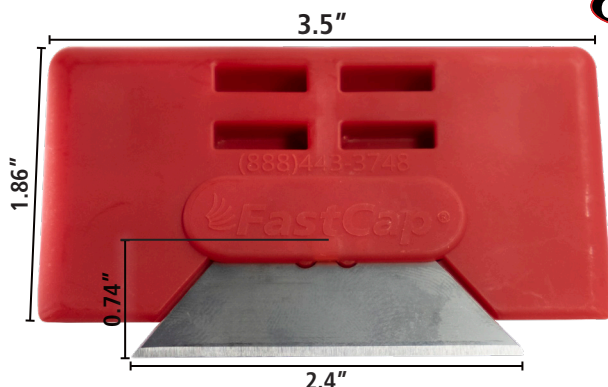

# Quick-N-Easy

## Edge Trimmer

**NEW**

**dbc**

Our simplest edgeband trimmer yet! Combining an ergonomic housing and a standard utility blade, the Quick-N-Easy Edge Trimmer is perfect for trimming around a radius or other odd shapes. The magnet in the back securely holds the blade just where you need it and makes swapping out blades fast.

*\*Not for use with real wood*

### Features...

- Ergonomic housing
- Magnet for keeping blade in place
- Uses standard utility blades

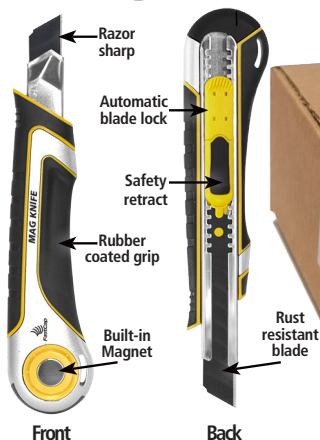

### Great For...

- Easily trimming any size radius
- Trimming Fastedge & edge banding
- Quick trim jobs

Inventor, Derrek Holland

Description	Part Number	Retail Price	Dist. Price
Quick-N-Easy Edge Trimmer	QUICK-N-EASY TRIM	\$5.50	\$3.30

# MAG Knife

The MAG Knife is the newest addition to our innovative "Utility Knife" family. The MAG Knife now has an auto safety-retract blade, significantly reducing the possibility of being injured from an open blade. It also has a retractable self-locking blade and a powerful built-in magnet making it super easy to attach to any metal surface. The MAG Knife has a durable metal frame and a rubberized casing that feels great in your hand. We promise it will be the last utility knife you will ever own!

### Features...

- Heavy duty steel track
- Rust resistant snap-off blades
- Blade lock resists 55lbs of force

### Great for...

- Box cutting
- Building cells
- Any place a utility knife is needed

Description	Part Number	Retail Price	Dist. Price
Mag Knife Utility Knife	MAG KNIFE	\$12.00	\$6.00

# Euro Door Stops & Accessories

*For Inset or Flush Cabinet Doors*

## Size: Standard

Designed for use with European style cabinets.

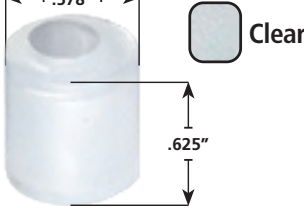

Available in these colors:

## Size: Tall

Designed for use with face frame inset cabinets.

Available in these colors:

Don't settle for doors that won't shut at the same level. The Euro Door Stop makes your cabinets with inset doors look their best. Simply screw the Euro Door Stop inside your cabinet door and rotate to adjust until the faces are flush.

## Euro Door Stop Mount

The Euro Door Mount is designed for face frame cabinets. Position the mount to the inside of the face frame with our Kolbe Korner screws. Simply use the holes to align our Standard Euro Door Stop and screw into place. Can be used for single door or double door cabinets.

## Euro Door Stop Jig

The Euro Door Jig is a compact tool used for accurate and repeatable placement of our Euro Door stops on cabinets.

*\*\*Euro Door Stops sold separately\*\**

## Kanban Andon

NEW

**Kanban:**  
A scheduling system used for lean manufacturing centering around physical signal cards (Kanbans)

**Andon:** In Lean manufacturing is a system designed to alert operators and managers of changes in real time so that actions can be taken immediately.

The Kanban Andon system allows team members to know when a Kanban Card is placed in its slot. The specially designed housing has a built-in sensor that turns the light on when a Kanban card is placed into its slot. It can be run off a standard 110V wall socket or a rechargeable lithium-ion battery. (Battery sold separately)

### Features...

- Bright LED with 60" wire
- Wall plug or battery operated
- Kanban delivery clamshell with VHB
- Switchable between NO or NC

### Great for...

- 20,000 bulb life & 16 hour battery life
- Large manufacturing facilities
- Lean warehouse
- Efficiency

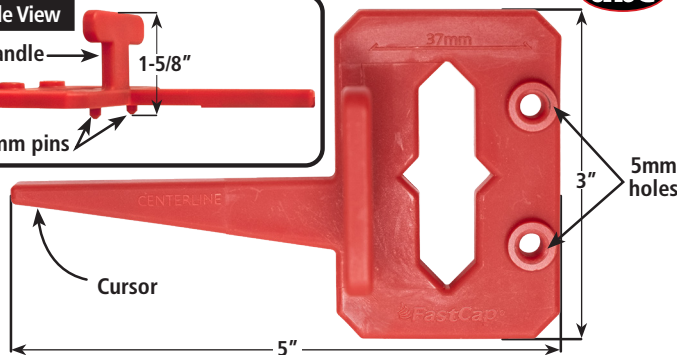

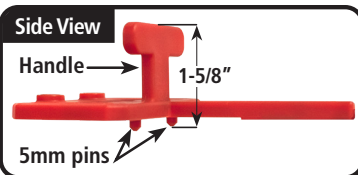

Description	Part Number	Retail Price	Dist. Price
Kanban Andon	KANBAN ANDON	\$55.00	\$45.00
Kanban Andon Battery	KANBAN ANDON BATTERY	\$35.00	\$35.00
Kanban Andon Bulb (1 Pack)	KANBAN ANDON BULB	\$3.00	\$3.00

## ANTHONY'S Hinge Jig

NEW

dbc

Anthony's Hinge Jig is a great tool that helps install hinge hardware to Euro Style cabinets. The Hinge Jig locates the centerline for a hinge. It mounts easily into the 5mm holes and using the cursor to draw a centerline. If cabinets don't have a 5mm holes, use pins and align them along the edge of the cabinet, drill with a 5mm driver bit in the drill guides, and repeat the steps for finding the centerline. Another great product developed by cabinet maker, on the shop floor.

### Features...

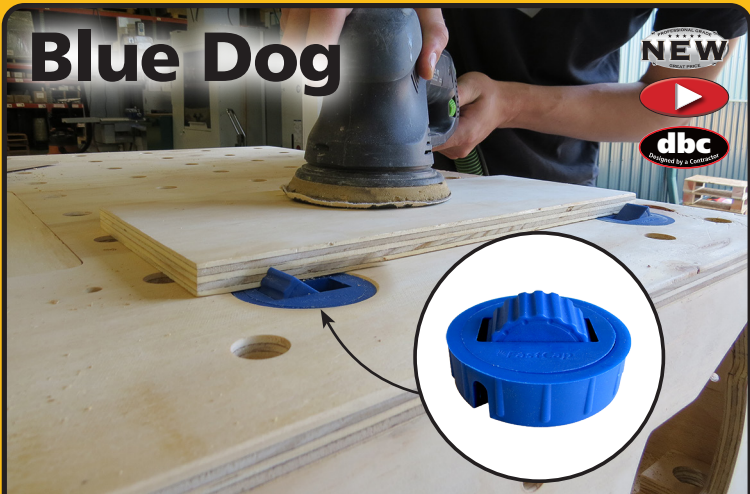

- Drill guides
- (2) 5mm pins
- Locates hinge cup

Inventor, Anthony Fisher

### Great for...

- Euro Style cabinets
- Finding hinge's center
- Installing hinge hardware for cabinets

Description	Part Number	Retail Price	Dist. Price
Anthony's Hinge Jig	HINGE JIG	\$6.60	\$3.30

NEW

dbc  
Designed by a Carpenter

The Blue Dog is a product that gives great functionality to your workbench when dogs are needed. Simply use a 2½" hole saw to drill out a hole, sand the top edge, and press the Blue Dog down into the hole until flush. Detents allow easy and accurate height adjustment for any material thickness and the turntable feature allows great flexibility on your workbench. Another great product developed by a cabinetmaker on the shop floor.

**Features...**

- Rotates in a complete circle
- Adjusts to material height
- Sits flush in any bench

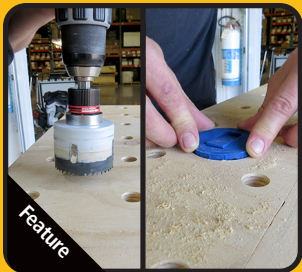

**Great for...**

- Routing
- Sanding
- Assembly

Inventor, Barry Mack

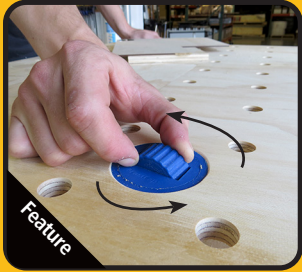

Patents Pending

Description	Part Number	Retail Price	Dist. Price
Blue Dog Single	BLUE DOG SINGLE	\$5.50	\$3.30
Blue Dog 4 Pack	BLUE DOG 4PK	\$17.60	\$13.20

Feature

Drill, sand and press

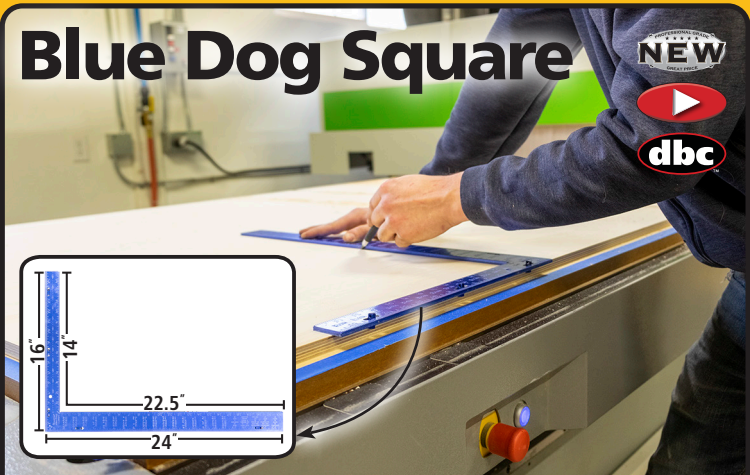

Feature

Rotates like a turntable

Feature

Adjusts to accommodate material

NEW

dbc  
Designed by a Carpenter

The Blue Dog Square allows you to scribe fast, accurate lines with ease and eliminates awkward alignment. It has 5 rotatable dogs built in the arms, allowing the edge of your material to be found instantly no matter how thick or thin it is. It can be used immediately on flat surfaces as the dogs return into the square when laying on any surface. The Blue Dog Square can even hang on vertical panels while resting on the dogs, providing an accurate reference line with no fumbling or tilting the square to rest on the edge. Just another great product developed by a carpenter on the shop floor.

**Features...**

- 3/16" thick aluminum
- 5 rotatable dogs

Inventor, Barry Mack

**Great for...**

- Straight reference line
- Drawing vertical lines

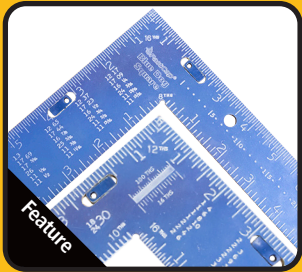

Patent Pending

Description	Part Number	Retail Price	Dist. Price
Blue Dog Square	BLUE DOG SQUARE	\$38.50	\$22.00

Feature

Dogs follow edge

Feature

Measures from 8<sup>THS</sup> to 16<sup>THS</sup>

Feature

Easy to hang to get vertical lines

Application

Slides into "T-track" accessory slot

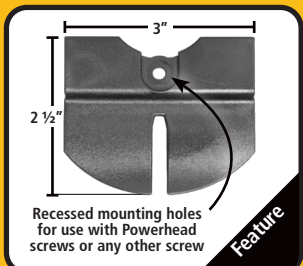

Application

Easy and adjustable sight glass

Application

Locks and stays on fence

Recessed mounting holes for use with Powerhead screws or any other screw

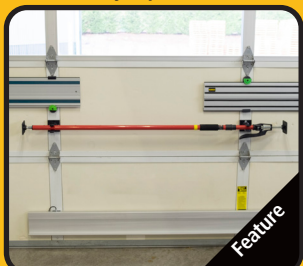

Feature

Includes 2 clips for 6x6 feet

Feature

Securely clip in 6x6 feet

Feature

Mount vertically or horizontally

# Rip Guide

**NEW**

**dbc**  
Designed by a Contractor

2 Pack

Stop the struggle of constantly measuring for the perfect cut. The Rip Guide has a compact design that helps make quick, accurate, and repeatable measurements for your track saw. Simply slide the Rip Guide into the fence's "T-track," measure your cut and saw away. For initial set up dial sight glass to your specific fence. Another great product developed on the shop floor.

## Features...

- Quick fence connect
- Adjustable sight glass
- Retractable Metric/Standard tape measure
- Festool, Makita, & Kreg fences
- Precise & repeatable measurements
- Woodworkers, cabinet makers & more

Inventor, Emily Adams

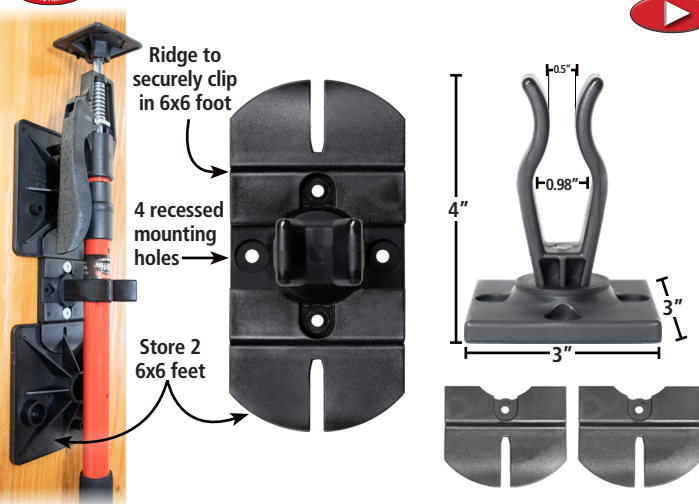

Patent Pending

Description	Part Number	Retail Price	Dist. Price
Rip Guides 2 Pack	RIP GUIDE 2PK	\$90.00	\$50.00

# 3rd Hand Rack

**NEW**

The 3rd Hand Rack is a mountable holder for any of FastCaps 3rd Hand systems. The Rack helps you better organize and store your 3rd Hands and removable 6x6 Feet in a safe way. Easily mount to walls, ceilings, trucks and garage doors.

## Features...

- Easy mounting, horizontal or vertical
- Includes clips to store 6x6 feet
- Heavy duty arms to safely hold
- Garage doors
- Work vans
- Shops

Description	Part Number	Retail Price	Dist. Price
3rd Hand Rack	3-H RACK	\$7.00	\$3.50

# Saw Hoodie

The Saw Hoodie is our latest generation of saw hoods to effectively address the difficult problem of dust collection on miter box saws. It's super small and compact and works best on smaller 8-inch saws but can work on larger 10 and 12-inch saws as well. It's designed specifically for quick and minimal setup and takedown on job sites. Its super flexible metal spring ring design allows this hoodie to spring open and mount into the accessory holes on your saw. There is even a vacuum hose hole in the back that allows you to attach a shop vacuum for added dust collection.

## Features...

- Quick install
- Easy to store
- Vacuum hose hole

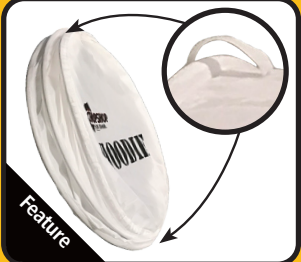

## Great for...

- Mess-free shop
- Miter saws
- Tile saws

Description	Part Number	Retail Price	Dist. Price
Saw Hoodie	SAW HOODIE	\$101.19	\$69.50

Hoodie mounts into saw

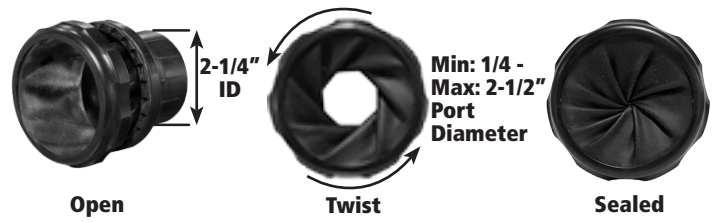

Velcro® straps for easy storage

Hole for vacuum attachment

# UNI-VAC Universal Vacuum Adapter

The UNI-VAC is the ultimate shop vacuum accessory. The super flexible rubber grips around most sizes and shapes of vacuum ports. Adapts to most table saws, routers, miter saws, sanders, and the list goes on! The innovative locking teeth allow you to secure the UNI-VAC in place. The fixed end attaches to most vacuum hoses with an inner diameter (ID) of 2-1/4". Another great innovation, designed by a cabinet maker!

## Features...

- Interlocking rings
- Flexible to allow easy tool movement

## Great for...

- Unusual size dust ports
- Portable & stationary tools

Inventor, Stephen Lothrop

Description	Part Number	Retail Price	Dist. Price
Uni-Vac Single	UNI-VAC	\$18.00	\$9.00

Twist adapter around port

Attaches to saws

Fits onto unusually shapes
