Sink Quick Reference Guide

Practical Ingenuity in Action

Perfect Drain®

Sinks featuring the Elkay Perfect Drain® have a seamless look and feel. The edgeless design eliminates the collar around the drain for a cleaner sink. Food has nowhere to go but down the drain.

Aqua Divide™

Elkay sinks featuring Aqua Divide™ offer flexibility at the sink. They have a low center wall that allows pan handles to extend over the middle. Use it as two separate bowls or fill the sink high with water to wash larger items, like baking sheets, across both bowls.

Water Deck™

Sinks featuring Water Deck™ have a lowered faucet deck that directs water into the sink. This helps to keep the countertop dry and prevents mold and residue from building up. Available on Crosstown sinks.

Workstation Sinks

Available in stainless steel, fireclay or quartz, our workstation sinks are designed to fit all kitchen styles and are engineered for convenience. Slide custom accessories along the built-in ledge to streamline kitchen tasks and maximize your workspace. Accessories transform your sink into your ideal workstation.

Interchangeable Apron™

Our exclusive interchangeable apron offers the stylish look of a farmhouse sink with the ability to change the color and material of the apron from day to night, or whenever the mood strikes you. Available for select Crosstown sinks; sink and interchangeable aprons sold separately.

Did you know?

Sinks with tight corners and a flat bottom provide more usable space in the bowl. They generally hold more than sinks with wide corners, and items like wine glasses are less likely to tip over and break.

Stainless Steel Sink Finishes

(See individual sink SKUs for finish availability.)

Lustrous Satin

This striking uniform finish is scratch resistant to heavy-duty use. Deep scratches are repairable with an Elkay stainless steel restoration kit. The fine linear grain reflects light evenly for high shine. Available on Lustertone Classic sinks.

Hammered Mirror

Mirrored stainless steel is the base for this finish that features a random hammered pattern that is achieved by hand.

Luminous Satin

A resilient finish that is scratch resistant, standing up to everyday use. Deep scratches are repairable. The linear grain radiates the light. Available on Lustertone Iconix sinks.

Polished Satin

A soft, linear grain provides a radiant finish. Available on Crosstown sinks.

Brushed Satin

A light, linear grain lends a subdued, casual feel to this finish. Available on Celebrity sinks.

Rugged Texture

A semireflective finish of bold, random semicircles is applied by hand for a unique texture and look.

Care and Cleaning

For complete care and cleaning guides, visit helpcenter.elkay.com and select the “Sinks (Commercial & Residential)” module to view our comprehensive care and cleaning guides.

General Sink Care and Cleaning

- For daily cleaning, use an ordinary mild detergent and soft cloth to rinse and dry the sink to prevent buildup of mineral deposits from the water. **DO NOT** use steel wool pads.
- Soft abrasive cleaners may be used when necessary (blue Scotch-Brite™ Non-Scratch pads). **DO NOT** use strong abrasive cleaners (green Scotch-Brite pads) as they will scratch and dull the surface.
- It is recommended to use an Elkay bottom grid or rinsing basket to protect your sink. **DO NOT** use dish mats as these can trap soap and dirt making sink maintenance more time-consuming and susceptible to cultivating harmful bacteria.
- Run cold water while pouring boiling water into sink.
- Avoid storing open containers of household cleaners and chemicals that have chloride beneath the sink: bleach, acid, drain cleaners and toilet bowl cleaner. Vapor emission from chlorides can cause corrosion and pitting to the exposed stainless steel and other metals, such as faucet water supply lines.
- **DO NOT** leave standing water in your sink, especially if the water contains anything that could stain the sink (i.e. coffee or tea).

Stainless Steel Sinks

- **DO NOT** use steel soap pads, steel wool or wire brushes; particles can adhere to a stainless steel sink surface and will eventually rust. If an abrasive pad must be used, Elkay recommends the blue Scotch-Brite Non-Scratch pads.
- **DO NOT** use cleaners containing ammonia, bleach or other harsh chemicals. Chemicals containing chlorides (bleach) are particularly damaging to stainless. If used, rinse the surface immediately to prevent corrosion.

Care and Cleaning

Quartz Sinks

- Use mild abrasive cleaners to clean your quartz sink. Strong abrasive cleaners can dull the color and finish of your sink.
- **DO NOT** use abrasive pads like steel wool or wire brushes, as these can damage the finish of the sink. The only abrasive Elkay recommends is the blue Scotch-Brite Non-Scratch scrub sponge.
- Stubborn stains and water marks can be wiped with the eraser pad in Elkay's cleaning kit or a Mr. Clean® Magic Eraser either with water or a 50/50 white vinegar and water solution. Towel dry with a cotton cloth.
- **DO NOT** leave dirty dishes, coffee grounds or other staining materials in your quartz sink as they can negatively impact the color and finish of your sink.

Fireclay Sinks

- For difficult stains, a 50/50 water-bleach solution or nonabrasive cleaners (follow cleaner manufacturer's instructions) can be used. Rinse and towel dry the sink afterward. **DO NOT** leave bleach or bleach solution sitting in the sink.
- **DO NOT** set hot pans directly into sink.
- Though fireclay sinks are resilient, they can be chipped or cracked with metal or stone objects. Use caution and never throw or drop anything into a fireclay sink.
- Stubborn stains and water marks can be wiped with the eraser pad in Elkay's cleaning kit or a Mr. Clean® Magic Eraser either with water or a 50/50 white vinegar and water solution. Towel dry with a cotton cloth.

General Faucet Care and Cleaning

- For daily cleaning, wipe faucet well with a damp cloth and dry thoroughly with a soft towel. Drying helps prevent water spots.
- **DO NOT** use cleaning products containing ammonia, bleach, alcohol or other harsh chemicals. **DO NOT** use any form of abrasives (e.g. abrasive sponges or steel wool), which are damaging to metal surfaces.
- Faucet spray faces may become dirty over time. But with Elkay's easy-clean rubber spray face, simply run a finger against it to get it clean. Recommended daily.

Chrome Faucets

- For chrome-finished faucets, common household cleaners (e.g. dish soap) can be used. However, cleaners should be rinsed off thoroughly and the faucet should be dried.

Oil-rubbed Bronze Faucets

- For oil-rubbed bronze faucets, Windex® Original can be used. However, cleaners should be rinsed off thoroughly and the faucet should be dried.

QUARTZ LUXE®

Featuring a variety of striking colors that make a statement, Quartz Luxe is a great way to achieve beautiful aesthetic in your space. But these sinks are beyond attractive – they're exceptionally tough, and like our Quartz Classic sinks, designed with hygiene in mind. With Luxe, though, you get a tighter formulation of ultrafine, rounded particles. This creates an ultrasmooth, nonporous surface that resists, dirt, food and stains.

Features vary by model:

- Select from undermount, drop-in, dual mount, farmhouse and workstation models
- Dual mount sinks can be installed as an undermount or drop-in
- Proprietary manufacturing process combines natural quartz with high-performance acrylic resins
- UV-stable resins retain their rich color over time
- Hard enough to resist scratches and chips, but resilient enough to reduce breakage of glassware and fine dinnerware
- Prescored faucet holes for easy faucet installation
- Bowl depths up to 10"
- Natural sound-dampening properties minimize noise
- Quartz Luxe sinks with Perfect Drain are part of Elkay's Reserve Selection (see Table of Contents for details)

A high-angle, close-up photograph of a woman with long brown hair, wearing a light purple long-sleeved top, filling a clear plastic blender jar with water from a modern, curved stainless steel faucet. The faucet is mounted on a black countertop. The sink is a single-bowl stainless steel undermount. In the background, a wooden cutting board with yellow spaghetti, a pasta maker, a small potted basil plant, and a bowl of salt are visible. The scene is brightly lit, creating a clean and modern kitchen atmosphere.

TIGHT CORNERS AND CROSS BREAKS

Flat bottom offers more space inside, and means glassware is less likely to tip over. The slightly rounded corners make the sink easy to clean, while the creased accent lines in the bowl give the sink a professional appearance.

ECTRU30169RTWC

WORKSTATION SINK

The innovative built-in sink ledge was designed to streamline kitchen tasks with our customers' needs in mind. Effortlessly go from meal prep to cleaning up by sliding accessories along the ledge.

CROSTOWN

DURABLE

Premium 16- and 18-gauge thickness stainless steel for long-lasting durability and performance.

16 OR 18 GAUGE
304 TYPE

CUSTOM BOTTOM GRIDS

Bottom grids are custom sized to cover the bottom of specific Elkay sink bowls.
Available in select models.

QUIET

Sound-deadening material minimizes sound and vibration for a quieter time at the sink.

TIGHT CORNERS (ZERO AND 15 MM)

The combination of tight corners, a flat bottom and creased accent lines offer a geometric design ideal for any decor.

ULTRATHIN SLIM RIM™

Install sink as a top mount or undermount; ultra thin, flat rim virtually eliminates the barrier between sink and counter for a clean look.
Available on select models.

Notes:

Notes:

[illegible]

A woman with blonde hair, wearing a blue patterned sleeveless top, is standing in a kitchen and washing green vegetables in a mint green kitchen sink. The sink is set into a white marble countertop. A modern chrome faucet with a pull-down sprayer is positioned over the sink, with water spraying into a white colander held by the woman. The background features a white subway tile backsplash, a window with a view of a city skyline, and shelves with various kitchen items like mugs, a potted plant, and jars. The overall scene is bright and clean.

Quartz Luxe in Mint Creme
ELXHU3322RMT0

HAVE THE BEST OF BOTH WORLDS

Sinks with Aqua Divide™ offer flexibility. The low center wall allows pan handles to extend over the center. Use it as two separate bowls or fill the sink high with water to wash larger items across both bowls.

PERFECT DRAIN

Elkay's innovative Perfect Drain® eliminates seams and gaps around the drain, for a cleaner, more hygienic sink.

QUARTZ LUXE

SUPERIOR STRENGTH

Made of natural quartz sand, the hardest component of granite, these durable sinks are impact resistant to your toughest sink tasks.

NATURALLY QUIET

Thick material absorbs noise when working at the sink.

RICH HUES

UV-stable color won't fade.

STAIN AND SMUDGE RESISTANT

Silky surface resists stains and smudges, making the sink easy to clean.

HYGIENE PROTECTION

Rounded, microfine quartz particles allow for an ultrasmooth, nonporous surface that resists dirt, food and stains.

HEAT SAFE

Sink is heat proof to 535° F to protect surface from hot cookware.

ADA COMPLIANT

Select models are ADA compliant when properly installed.

HOW LOW CAN YOU GO

When it comes to gauge, the lower the number, the thicker the stainless steel. A sink constructed of 18-gauge stainless steel is more resistant to denting than a 23-gauge sink.

DAYTON®

FLEXIBLE INSTALLATION

Dual mount sinks offer the flexibility to install the sink as a drop-in or undermount. *Available on select models.*

SINK REVEAL

Sinks are finished with a curved, revealed edge. When installing the sink under a countertop, you can install it with or without the edge showing, depending on your design preference and your functional needs.

SOUND DEADENING

Sound-deadening materials minimize sound and vibration for a quieter time at the sink.

QUALITY INSTALLATION

The U-Channel system offers a flexible and quality installation when installing a drop-in sink. Mounting clips can be placed inside the channel before dropping the sink into place. The clips can be slid into position and tightened where needed to close any gaps due to uneven floors or counters.
